GENERAL INDEX TO VOLUMES XV. TO XXI., INCLUSIVE.

Abscess, Cerebellar, Successfully Operated on, xxi., 451 ; in Temporal Lobe and Cerebellum, xxi., 239

Adenoids, and Otitis Media Purulenta Chronica, xxi., 356; Instruments for Removal of, xxi., 356 ; Relapse, with Sarcoma, xxi., 357

Adenoid, Tissue, Lingual Follicles, and Tonsils, xxi., 329 ; Vegetations, Knife for Removal of, Guye, xv., 30; Vegetations, Papers on, xvii., 336; Vegetations, Removal of, xv., 228

Agnew, Portraits of the late C. R., xvii., 196

Anatomy, Histology, and Physiology of the Ear, Reports on, xv., 85, 247 ; xvi., 154, 256, 349 ; xvii., xviii., 183 ; xix., 51, 315, 349 ; xx., 157, 344 ; xxi., 187, 324 ; of Naso-Pharynx, Reports on, xxi., 190, 327

Anosmia, Case of Reflex, xxi., 213

Anthropology of Ear, xxi., 325

Appointments: Russell Coombe, James Kerr Love, T. Lyle, xxi., 99 ; J. W. Barnett, J. P. Ryan, W. C. Bull, C. E. Shaw, xxi., 234 ; Dundas Grant, Frank Marsh, xxi., 361 ; A. B. Kelly, R. Lake, N. H. Turner, C. Warden, T. S. Wilson, V. H. W. Wingrave, xxi., 449

Artificial Membranæ Tympanorum, Value of, xvii., 341

Asthma, and Nasal Polypi, xv., 114

Atlas of Ear, Microphotographic, Review, xxi., 231, 368

Atresia Auris Congenita, Jöel, xviii., 317

Auditory, Nerve, Origin of the, xv., 253; Reflexes, Rare Cases of, Steinbruegge, xviii., 274 ; xx., 23

Aural Hallucinations Removed by Cleansing Meatus, xxi., 199

Auricle, Contribution to the Morphology of the Human, Gradenigo, xx., 219 ; Cyst Formation in the, Hartmann, xv., 133 ; Cysts of the, Seligmann, xvi., 43, 63 ; Cysts of the, Hartmann, xvii., 233 ; Epithelioma of, xxi., 229 ; Ossification of the, after Perichondritis Sero-Purulenta, Knapp, xix., 45 ; Othematoma of the, xv., 248 ; Perichondritis of Left, Ferrer, xix., 8 ; Perichondritis of, Treated with Sharp Spoon, McMahon, xix., 20 ; Plastic Operation for Cure of Malformation of, Bacon, xix., 17 ; Rudimentary and Displaced, H. Knapp, xx., 438 ; Surgical Treatment of Diffuse Phlegmonous Inflammation of the, Gruening xix., 22

AYRES, Primary Mastoid Periostitis, xix., 95

BABER, Tragus Retractor, xxi., 1; Lymphoma of the Tonsils, xxi., 103

Baber, *A Guide to the Examination of the Nose*, Review, xv., 343

BACON, Carcinoma of the Ear, having its Origin Probably in the Tympanum of the Mastoid Antrum, xvii., 66; Diseases of the Mastoid Process, xviii., 280; Facial Erysipelas as a Complication of Ear Diseases, xvi., 138; Malformation of Auricle: Plastic Operation to Cure the Deformity, xix., 17; Otitis Externa Hæmorrhagica, xix., 1

BARR, on Bone-Conduction of Sound, and the Value of Rinne's Test in the Diagnosis of Nervous Diseases of the Ear, xv., 330; Report of the Otological Section of the British Medical Association in 1888, xvii., 348; Simulated Deafness, xxi., 441; Trephining of Brain Abscess Due to Ear Disease, xvi., 146

Barr, T., Aural Exostosis Removed with the Electric Snare, xxi., 451

BARTH, Acute Inflammation of the Middle Ear, with Unusual Cerebral Symptoms, xx., 116; Anatomy of the Inner Ear, xvii., 40; A Flap Retractor, xx., 28; Cocainization, Electrical Cataphoresis, Hypnotism, and Suggestion, in Small Surgical Aural Operations, xix., 99; Palate Retractor, xx., 26; Pressure in Middle Ear, Produced by Inflation of Air, xv., 160; Testing the Hearing by Means of Tuning-Forks, xvi., 248; The Decrement of Sounding Tuning-Forks, xvii., 152; The Determination of the Acuteness of Hearing, xvii., 109

BARTSCH, Differential Diagnosis between Diseases of the Sound-Conducting and Sound-Perceiving Apparatus, xv., 144

BAXTER, Case of Living Larvæ in the Ear, xx., 11; Use of Electricity in Chronic Affections of the Middle Ear, xx., 207

Benzoinol for Moistening the Cotton Artificial Memb. Tymp., Spalding, xx., 212

Bergmann, *Surgical Treatment of Brain Diseases*, Review, xvii., 101

BERTHOLD, The Artificial Drumhead, and the Use of Hen's-Egg Membrane in Operations for Myringoplasty, xv., 292; What can the Ear Hear without the Stapes?, xvii., 244

BEZOLD, Cholesteatoma, Perforation of Shrapnell's Membrane, and Occlusion of the Tubes, xix., 232; Diagnostic Value of Rinne's Experiment, xvi., 188; xvii., 130; Necrosis of the Labyrinth, and Facial Paralysis, xvi., 297; Nerve Destruction in Cochlea, xxi., 267; Treatment of Cholesteatoma of the Ear, xx., 305; The Watch as an Acoumeter, and the Uniform Notation for Hearing Tests as Proposed by H. Knapp, xv., 79

Bezold, Operation for Foreign Bodies in Tympanum, xxi., 340; Statistical Report, xxi., 332

Bing, New Experiment with Tuning-Fork, xxi., 330, 337

Bishop, Ear Electrodes, xxi., 336

BLAKE, Influence of the Use of the Telephone on the Hearing Power, xvii., 240; Mechanical Treatment of Tension Anomalies, xxi., 166; Reduplications of Mucous Membrane in the Normal Tympanic Cavity, xix., 209

Blind Deaf-Mute, L. D. Bridgman Anatomy of Brain and Sense Organs of the, Review, xxi., 368

BLOCH, Physiological Investigations of Nasal Respiration, xvii., 279; xviii., 1

Bloch, Empyema of Highmore's Antrum, xxi., 356; *Pathology and Therapeutics of Mouth-Breathing*, Review, xx., 92

Bloebaum, Celluloid Ear Speculum, xxi., 336

Blow on the Ear, Death from, in a Week, Heimann, xx., 17
Boric Acid in Otology, xv., 269; xvii., 77; xxi., 305
Boroglyceride in Middle Ear, xxi., 205
Bougies, Suppuration of Middle Ear and Facial Paralysis after, xxi., 335
Boxing the Ears, xvii., 258
Brain, Abscesses of the, after Ear Disease, xx., 81; Abscess of, after Ear Disease, Barr, xvi., 146; Abscess of, after Otitis Suppurativa, Operation on, Truckenbrod, xxi., 178; Abscess of, after Otorrhœa, Cured by Operation, Truckenbrod, xv., 176; Abscess of, from Long-Standing Otorrhœa, Pritchard, xix., 140; Disease of, and Ear Diseases, xvi., 69, 270; xvii., 80, 368, 369
Branchial Fistulæ, Ole Bull, xvii., 36; Steinbruegge, xvii., 226
British Otological Notes, xx., 88, 189, 286; xxi., 98, 233, 395, 447
BRONNER, on the Local Use of Menthol and Oil of Eucalyptus in Affections of the Middle Ear, xx., 73
BRUNNER, on Ménière's Disease, xvii., 197
Brunner, Thornwaldt's Disease, xxi., 359
Browne, *Throat and Nose, and their Diseases*, Review, xxi., 94
BRYANT, Observation on the Topography of the Normal Human Tympanum, xix., 217
Buck, *A Manual of Diseases of the Ear*, xviii., 112; *Reference Hand-Book of the Medical Sciences*, Reviews, xvi., 369
BUCKLIN, a New Universal Double-Acting Snare, xx., 340; Nasal Saw, xxi., 91
BULL, OLE, Branchial Fistulæ with Malformations of the Membrana Tympani, xvii., 36; Necrosis of the Temporal Bone Treated with Acids, xviii., 123
Bullets, Removal from Ear, xviii., 203
Burckhardt-Merian, Obituary Notice of, xvi., 91
Buerkner, *Atlas of Otoscopic Pictures of the Membrana Tympani*, Review, xvi., 172
BURNETT, S. M., Relative Frequency of Ear Diseases in the White and Colored Races in the United States, xvi., 294
Burnett, C. H., Excision of Ossicles, xxi., 344

Carcinoma of the Ear, Bacon, xvii., 66
Carotid, Rupture of Internal, after Petrous Necrosis, Sutphen, xv., 295
Carter, Subdural Abscess, xxi., 359
Cartilage, Ossification of the, xv., 100
Catarrh, Etiology of Aural, xxi., 326
Cerebellum, Abscess of, Cured by Operation, Macewen, xviii., 217
Cerebral, Abscess after Otitis Media Cured by Operation, Truckenbrod, xxi., 178; Abscess Due to Aural Affection, xxi., 349; Abscess, Operation, xxi., 360; Abscess, Seventeen Cases of, xxi., 207; Abscesses Due to Otitides, xxi., 349: Affections after Chronic Otitis Media, xxi., 346; Affections after Nasal Operations, xxi., 354
Cerebro-spinal Meningitis, and Aural Affection, xxi., 351; Ears in, Steinbruegge, xvi., 14; Labyrinthine Disease during, Steinbruegge, xvii., 52
Cerumen, Improvement of Hearing from Intense Sounds, in Cases of Plugging with, Kosegarten, xviii., 308; Severe Inflammation, Following Removal of, xv., 94
Charcot-Leyden's Crystals in Nasal Tumors, xxi., 355
Chloral Hydrate, Use of, xv., 277
Cholesteatomata, Formation of, Schmiegelow, xx., 228
Cholesteatoma, of Ear, Bezold, xix., 232; xxi., 189; of Corti's Organ, xxi., 100; Papers on, xx., 291; Treatment of, Kuhn, xx., 305

CHOLEWA, Hypertrophies of the Posterior Extremity of the Inferior Turbinated Bones, xix., 130; Progressive Deafness, and its Treatment by Tenotomy of the Tensor Tympani, xix., 151

Cholewa, Resection of Nasal Septum, xxi., 355

Chorda Tympani, Relations of the, to the Sense of Taste, Schulte, xv., 62

Chromic Acid, in Catarrh, xv., 115

CLARK, Injury to Ear from Stroke of Lightning, xxi., 34; Loss of Membrana Tympani, and Ossicles, with Good Hearing, xviii., 218

Clinical Cases, xvi., 51

Cocaine, in Aural Surgery, Barth, xix., 99; in Naso-Pharyngeal Cases, xv., 119; Uses of, in Otological Practice, xv., 97, 263, 286; xvi., 60

Cochlea, Bilateral Necrosis of, xxi., 350; Case of Necrosis of the, Hartmann, xvi., 252; Nerve Destruction in, Bezold and Scheibe, xxi., 267; on the Function of the, Moos and Steinbruegge, xvii., 71; Total Necrosis of, with Hearing Maintained, xvi., 68

Cochlear Nerve, Divisions of, xxi., 326

Cohn, Nystagmus in Aural Affections, xxi., 334

Colored Hearing, xxi., 196

Conducting Apparatus, General Atrophy of the, Richey, xv., 17

Condylomata, Auditory Canal, Wurdemann, xxi., 303

Connection between Diseases of the Nose, Pharynx, Eye, and Ear, xxi., 286

Cozzolino, Surgical Treatment of Nasal Affections, xxi., 356

Cupola of Tympanum, Measurements of Height of the, Klingel, xx., 125

DABNEY, Permanent Deafness, Probably Due to Quinine, xix., 6

DAYTON, Neglect of Treating the Naso-Pharynx, a Cause of Failure in the Management of Chronic Suppuration of the Ear, xvi., 290

Deaf-Mute Scholars, Lemcke, xvii., 72

Deaf-Mutes, Examination of Petrous Bones from, Moos and Steinbruegge, xv., 123; in Denmark, H. Mygind, xxi., 373

Deaf-Mutism, and Retinitis Pigmentosa, xvi., 262; Case of Congenital, that Disappeared, xx., 321; Causation of, xv., 95; Due to a Fright, xx., 321; with Anomalies of Development in the Labyrinths, xxi., 12; with Auditory Atrophy and Labyrinthine Disturbances, Scheibe, xxi., 13

Deafness, and Discharge of Ear, xxi., 366; Causation of, by Nasal Catarrh, Eaton, xv., 186; Operation for the Relief of, and Tinnitus, Due to Catarrh of the Drum-Head, Sexton, xx., 95

Dean, H. P., Cerebellar Abscess, xxi., 450

Délie d'Ypres, Adenoids, Relapse with Sarcoma, xxi., 357

Demme, Ozæna, xxi., 353

DENCH, Intracranial Inflammation from Purulent Otitis, xxi., 253; with Hemorrhagic Pachymeningitis, xxi., 157; Operative Measures for the Relief of Impaired Hearing, xx., 13; Suggestions on the Treatment of Chronic Non-Suppurative Otitis Media Chronica, xxi., 153, 345; Two New Aural Instruments, xxi., 148

Dermatol in Ear Diseases, xxi., 222

Detonations, Effect of, on the Ear, xv., 94

Diabetes Mellitus in Ear Diseases, xv., 265

Diagnostic Tube, xvi., 163

Diphtheria, Examinations of the Labyrinth in Cases of, Moos, xxi., 23; Galvano-Cautery in Pharyngeal,

Diphtheria—*continued.*
xxi., 357; Treatment of, xxi., 357; Investigations of Middle Ear Disease in the Various Types of, Moss, xx., 52
Diplacusis, Rothholtz, xv., 77
Donaldson, *Anatomy of Brain and Sense-Organs of the Blind Deaf-Mute, L. D. Bridgman*, Review, xxi., 368
Drums, Artificial, xxi., 336
Drilling Instruments, Dangers of, xxi., 220
Dumbness, Due to Fright, Uchermann, xx., 321

Ear, and Nose Diseases, Due to Operations on the Nose, xxi., 215, 216; Suppurations, Complications of, xxi., 361
Ears, Partial Development of Both, Heimann, xx., 332
EATON, Hypertrophic Catarrh of Nares as a Cause of Deafness, xv., 186
Eczema, of Nostrils, xv., 111; Treatment of, xvii., 261
Eighth Nerve, End Organ of, xxi., 367
EITELBERG, Comparative Tests of Hearing with Watch, Tuning-Fork, and Whispered Voice, xv., 299; Protracted Course of Suppurative Otitis Media in Three Cases of Tuberculosis, xvii., 236; Traumatic Partial Elimination of the Membrana Tympani, xix., 12; Treatment of Middle-Ear Diseases with Lucae's Pressure Probe, xv., 36
Electrical Cataphoresis in Aural Surgery, Barth, xix., 99
Electrodes for Ear, xxi., 336
Eustachian, Bougie, xxi., 148; Canal, Stricture of, xxi., 342; Inflator, Dench, xxi., 148
Ewald, *End Organ of Eighth Nerve*, Review, xxi., 367
Examination, Methods of, xxi., 335
Exostosis, Aural, Removed with the Electric Snare, xxi., 451
Exostoses, Multiple, xxi., 339
External, Ear, Abnormities of the, xxi., 198; Ear, Cases of Adenoma of Sebaceous Glands of the, Klingel, xx., 193; Ear, Diseases of the, xxi., 198; Ear Malformation, Knapp, xxi., 438; Ear, Microscopy of Tumors of, xxi., 325; Meatus, Bacteriology of Furuncles of, xxi., 326; Meatus, Osteoma, of Cartilaginous Portion of, xxi., 339; Meatus, Traumatic Occlusion of, xxi., 338
Eye and Ear, Connection of Diseases of the, xxi., 214

Facial, Erysipelas, as a Complication of Ear Diseases, Bacon, xvi., 138; Nerve, Pathology of Rheumatic Paralysis of, xxi., 351
Fauces, Congenital Defects in the, Toeplitz, xxi., 88; Symmetrical Congenital Defects in the, Toeplitz, xxi., 88
FERRER, Idiopathic Perichondritis of Left Auricle, xix., 8
Ferrer, Obituary Notice of, xx., 192
FERRER and CLARK, Reports of a Series of Mastoid Cases, xvii., 308; xviii., 25, 139; xxi., 36, 125
Ferreri, *Practical Guide to the Diagnosis and Treatment of Diseases of the Nose*, Review, xviii., 216
FINLAYSON and BARR, Case of Purulent Meningitis in which the Purulent Disease of the Middle Ear Invaded the Interior of the Cranuim through the Labyrinthine Cavities and the Fallopian Canal, xviii., 115
First Meeting of the North-German Aurists in Berlin, 1889, xx., 371
Forceps, for Foreign Bodies in the Ear, xvii., 107; for Removing Foreign Bodies, Guye, xv., 32
Foreign Bodies in the Ear, xviii., 195
Foster, Traumatic Occlusion of External Meatus, xxi., 338

Freund and Kaiser, Neurosis from Fright, with Hearing Anomalies, xxi., 351

FRIEDENWALD, Case of Extensive Caries and Cholesteatoma of the Mastoid Process without Local Signs of Inflammation, Death, xx., 1

Frontal Sinus, Empyema of, xxi., 356

Galvano-Cautery, Technique of, xxi., 336

Gellé, Aural Clinic of Salpêtrière, xxi., 334; Otitis Purulenta after Posterior Plugging, xxi., 345

GIFFORD, Hy., Re-forming Auditory Meatus, xxi., 316

GRADENIGO, Contribution to the Morphology of the Human Auricle, xx., 219; Diagnosis, Prognosis, and Treatment of Progressive Deafness in Chronic Non-Suppurative Inflammation of the Middle Ear, xx., 221

GRADENIGO and PENZO, Bacteriological Investigation of the Contents of the Tympanum in Cadavers of the New-Born, and of Infants, xx., 108

GRADLE, Odor of the Discharge in the Treatment of Suppurative Otitis, xxi., 110; on the Significance of the Odor of the Discharge in the Treatment of Chronic Suppurative Otitis, xxi., 110

Grazzi, *Manual of Otology*, Review, xv., 342

Gruber, *Text-Book of Otology*, Review, xvii., 195

GRUENING, on the Surgical Treatment of Diffuse Phlegmonous Inflammation of the Auricle, xix., 22

Grünwald, Surgery of Upper Respiratory Passages, xxi., 354

Guillaud, Function of Tonsils, xxi., 331

Gunshot Wound of Ear, xxi., 335

GUYE, Forceps for Removing Foreign Bodies from Nose and Ear, xv., 32; Knife for Removal of Adenoid Vegetations, xv., 30; Bezold's Perforation of Mastoid Antrum, xxi., 318

Habermann, Nervous Atrophy in Inner Ear, xxi., 326

Hæmatoma Auris, xxi., 361

Hagedorn, Galvano-Cautery in Pharyngeal Diphtheria, xxi., 357

Hammer, Fracture of Handle of the, xv., 273

HARTMANN, Case of Necrosis of the Cochlea, xvi., 252; Cyst Formation in the Auricle, xv., 133; Observations of Cysts of the Auricles, xvii., 233; The Graphic Representation of the Results Obtained by Testing the Hearing with Tuning-Forks, xvi., 236; xvii. 116

Hartmann, *Types of Different Forms of Deafness Graphically Represented*, xvi., 171; *The Diseases of the Ear, and their Treatment*, Reviews, xvi., 174

Haske, Method of Exposing the Naso-Pharynx, xxi., 328

Haug, Microscopy of Tumors of External Ear, xxi., 325; Snuff Tobacco, Acute Otitis Media from, xxi., 343

Head Injuries with Auditory Complications, Sheppard, xxi., 306

Hearing, Anomalies in Neurosis from Fright, xxi., 351; Determination of the Acuteness of, Barth, xvii., 109; Operative Measures for the Relief of Impaired, Dench, xx., 13; Tests of, with Watch, Forks, and Whispering, Eitelberg, xv., 299; Tests, Uniform Method Proposed, xv., 79; Trumpets, xxi., 197; Various Tests Proposed as Standards, xvi., 58; Words as Tests for the, Wolf, xix., 293

HECHELMANN, Case of Foreign Body in the Meatus Twenty Years, xx., 338

HEDINGER, Cases of Opening the Mastoid Process, xvii., 160; Foreign Bodies in the Meatus, xv., 222

Heiberg, Thrombophlebitis of Transverse Sinus, xxi., 327

HEIMANN, Blow on the Ear Followed by Death in a Week, xx., 17; Case of Partial Development of Both Auditory Organs, xx., 332; Operation for Exostosis of the External Auditory Meatus, xix., 144; Some Points Concerning the Opening of the Mastoid Process, xx., 132

Heredity in Ear Diseases, xvii., 254

Hessler, Aural Affections after Nasal Operations, xxi., 334

Highmore's Antrum, Empyema of, xvii., 277, 377; xxi., 356

HIRSCH, Diphtheritic Inflammation of the Mucous Membrane of the Tympanum, xix., 34

Houghton, *Lectures on Clinical Otology*, Review, xvi., 85

Hypnotism in Aural Surgery, Barth, xix., 99

Incandescent Lamps, xxi., 337

Influenza Otitis, xxi., 195

Injuries of Ear from Lightning, Clark, xxi, 34

Inner Ear, Anatomy of the, Barth, xvii., 40; Invasion of, with Bacteria during Diphtheria, Moos, xvii., 1; Nervous Atrophy in, xxi., 326

Instruments, and Apparatus, Reports on, xvi., 61, 263; xvii., 258, 358; xviii., 192; xix., 63, 197; xx., 77, 142, 180; xxi., 196; Two New, Dench, xxi., 148

Intranasal Obstruction, xxi., 360

JACKSON, C. Q., Tongue Depressor, xxi., 445

Jansen; Cerebral Abscess Due to Aural Affection, xxi., 349

JOACHIM, Physiology of the Soft Palate, xviii., 219

JÖEL, on Atresia Auris Congenita, xviii., 317

Jourdanet, Cerebral Abscesses Due to Otitides, xxi., 349

KANTHACK, The Bacteriology of Some Inflammatory Processes of the Middle Ear, and the Mastoid Cells, xix., 25

Katz, *Microphotographic Atlas of the Normal and Pathological Anatomy of the Ear*, Review, xxi., 230, 368

KAYSER, The Route of Respired Air through the Nose, xx., 30

Kessel, Importance of Examination of Nasal Cavities, xxi., 353

Killian, Application of Trichloracetic Acid. xxi., 355

KIRCHNER, *Hand-Book of Otology*, xvi., 88

KLINGEL, A Contribution to the Histology of Aural Polypi, xx., 142; Measurements of the Height of the Cupola of the Tympanum, xx., 125; Two Cases of Adenoma of the Sebaceous Glands of the External Ear, xx., 193

KNAPP, Bezold Mastoiditis, Craniotomy, Autopsy, Brain Abscesses, and Sinus Thrombosis, xxi., 239; Ossification of the Auricle in Consequence of Perichondritis Sero-Purulenta, xix., 45; Rudimentary and Displaced Auricle, xxi., 438; Uniform Tests of Hearing, xvi., 56; Fatal Mastoid Case, xvi., 274

Koelliker, Divisions of Cochlear Nerve, xxi., 326

KOERNER, Investigation of the Influence of the Form of the Cranium upon Several Important Relations of the Temporal Bone, xviii., 310; on the Possibility of Determining Some Important Topographical Relations in the Temporal Bone from the Form of the Skull, xvi., 281; Topography of Temporal Bone, xxi., 431

KOSEGARTEN, Pilocarpine, the Influence of, on the Middle Ear, xvi., 95; the Improvement of Hearing Obtained by the Action of Intense Sounds in Cases of Ceruminous Plugs, xviii., 308.

Krakauer, Multiple Exostoses, xxi., 339
KUHN, Cholesteatoma of the Ear, xx., 291.

Labyrinth, Affection of, during Cerebro-Spinal Meningitis, Steinbruegge, xvii., 152; Cases of Necrosis of, with Hearing Preserved, xv., 280; Condition of the, after Diphtheria, Moos, xxi., 23; Cupola, Formations in the, Steinbruegge, xvi., 1; Destruction and Ossification, Steinbrügge, xxi., 262; Necrosis of the, and Facial Paralysis, Bezold, xvi., 297; Primary Necrosis of, with Facial Paralysis, Toeplitz, xxi., 174
LAKE, Structure of Aural Polypi, xxi., 106
LANE, Antrectomy in Chronic Purulent Otitis, xxi., 118; Tonsillar Hemorrhage, Ligation of Common Carotid, xxi., 359
Lamann, Incandescent Lamps, xxi., 337
Larsen, Cerebro-Spinal Meningitis and Aural Affection, xxi., 351
Larvæ, a Case of Living, in the Ear, Baxter, xx., 11
LEMCKE, the Pupils in the Deaf-Mute Institution of Ludwigslust, Mecklenburg, xvii., 72
Lenval Prize, xxi., 364
Leukæmia, Ear Diseases in, xv., 265; Labyrinthine Disease in a Case of, Steinbruegge, xvii., 59; of the Ear and Nose, Suchannek, xix., 255
Lewy, Charcot-Leyden's Crystals in Nasal Tumors, xxi., 355
Lichtenberg, Osteoma of Cartilaginous Portion of External Meatus, xxi., 339
Lightning, Injury to Ear from a Stroke of, Clark, xxi., 34
Lip-Reading, Review, xxi., 232
Lorenz, Perception of Difference of Sound, xxi., 330
Lubet-Barbon, Palate Hook, xxi., 336
Luc, Extraction of Malleus, xxi., 344
Lupus of Nose, xvi., 79
Lysol and Naphthol in Otorrhœa, xxi., 195

MACDONALD, Croupous Rhinitis, xx., 120
MacDonald, *Diseases of the Nose and Accessory Cavities*, Review, xxi., 96
MACEWEN, Cerebellar Abscess, Due to Ear Disease, Cured by Operation, xviii., 217
Mackenzie, Obituary Notice of Sir Morell, xxi., 237
Malleus, Caries of, xxi., 345; Excision of, xxi., 344; Removal of, in Suppurative Otitis, xxi., 205, 220
MALONEY, the Otaphone, xvi., 177
MANDELSTAMM, a Case of Foreign Body in the Tympanum, xx., 128
Marian, Report on Ear Cases, xxi., 333
Massage in Ear Diseases, xvi., 71
Mastoid, Cases, Report of a Series of, Ferrer and Clark, xvii., 279, 308; xviii., 25, 139; xxi., 36, 125; Disease, and Thrombosis of Lateral Sinus, Moos, xix., 161; Disease, Bacteriology of Cases of, Kanthack, xix., 25; Disease, Bezold's Form of, Moos, xix., 161; Disease, Papers on, Bacon, xviii., 280; Diseases of the, after the Influenza, Zimmermann, xxi., 76; Diseases, Bezold form, Knapp, xxi., 239; Guye, xxi., 318; Diseases, Report of Cases of, xxi., 36; Indications for Operating on the, xxi., 205; Papers on Diseases of the, xvii., 331; Periostitis, xxi., 346; Primary Periostitis of, xxi., 346; Periostitis, Primary, Ayres, xix., 95; Process, Caries of, without Local Signs of Inflammation, Friedenwald, xx., 1; Process, Interesting Notes on the, St. John Roosa, xvi., 93; Process, Papers on Opening of the, Hedinger, xvii., 160; Process, Some Points Concerning the Opening of the, Hei-

Mastoid—*continued.*
mann, xx., 132; Retractor for Incisions in the, Barth, xx., 26; Spontaneous Opening of the, Webster, xvi, 134
Mastoiditis after Influenza, xxi., 76;
Max, Bilateral Necrosis of Cochlea, xxi., 350
Mazziora and Gradenigo, Bacteriology of Furuncles of External Meatus, xxi., 326; Etiology of Catarrh of Ear, xxi., 326
McBride, *Diseases of Nose, Throat, and Ear*, Review, xxi., 365
McMahon, Two Cases of Perichondritis of the Auricle Treated with the Sharp Spoon, xix., 20
Measles, a Case of Deaf-Mutism Caused by the, Mygind, xx., 310; Invasion of Bacteria into the Labyrinth during, Moos, xviii., 49
Meatus, Bony Growths in the, and their Removal, Pritchard, xx., 45; Case of Foreign Body in the, Twenty Years, Hechelmann, xx., 338; Closure of the, xvi., 265; Exostoses of the, xv., 249; Foreign Bodies in the, Hedinger, xv., 222; Foreign Body Twenty-four Years in the, without Injuring the Hearing, Spalding, xx., 218; Membranous Occlusion of the External, Rothholtz, xv., 75; Operation for Exostosis of the External, Heimann, xix., 144; Re-forming of Auditory, Gifford, xxi., 316; Sarcomatous Growth in the External, Sheild, xxi., 4; Vesicles in the, Swain, xx., 197
Medical Duplex Inductorium, Wreden, xvii., 212
